Disney-MGM Studios Theme Park "Supercalifragilisticexpialidocious!"

THE DISNEY-MGM STUDIOS THEME PARK—It's more than incredibly exciting! More than mind-boggling! More than breathtaking and heart-pounding! The new Disney-MGM Studios Theme Park is absolutely supercalifragilisticexpialidocious! Even Mary Poppins, who appears in "The Great Movie Ride," would agree. Disney-MGM Studios Theme Park is fun like you've never had fun before!

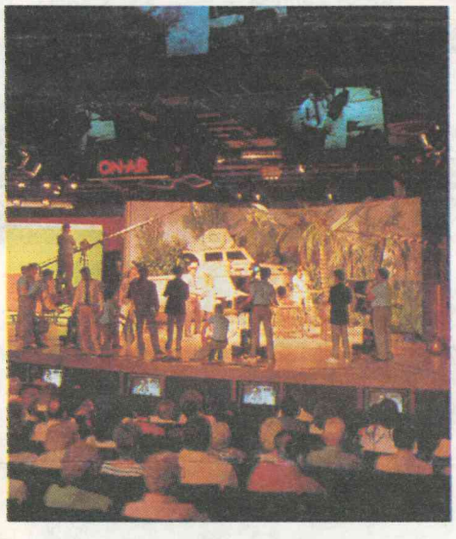
When you step into the park, you enter all the glamour and excitement you've imagined about Hollywood in its heyday. "Stargazers" hound you for an autograph, and would-be starlets vie for your attention.

You can star in a production of a popular sitcom at **SuperStar Television** and add sound to movie at the **Monster Sound Show,** both presented by SONY®. At the heart of the Disney-MGM Studios Theme Park is **"The Magic of Disney Animation,"** actual studios where Disney characters come to life right before your eyes!

The movie magic is especially evident at the **Epic Stunt Spectacular** where you'll gasp at feats performed for your breathtaking pleasure! And inside the Chinese Theatre you'll see the movies as never before on **"The Great Movie Ride."** Theatre-size cars take you into the action of classic films, re-created through an incredible mixture of live action and the latest in Disney *Audio-Animatronics* wizardry!

Next comes some of life's most thrilling moments! On the **Backstage Studio Tour** you can visit soundstages and see movies *actually being made!* At **Catastrophe Canyon** you'll experience firsthand how earthquakes, floods, and fireballs are created. And before your tour is over, you'll unravel more mysteries of special effects.

At mealtime, choose from eleven smashing restaurants including **Hollywood & Vine,** the **50's Prime Time Cafe/Tune In Lounge** and the **Soundstage Restaurant** where you can eat on a real movie set. From start to finish, it's a full day of Hollywood adventure!



*Left: See movie classics in **"The Great Movie Ride."***

*Far Right: Incredible feats are performed at the **Epic Stunt Spectacular.***

See a Star Today And Everyday

The Disney-MGM Studios Theme Park welcomes the stars—and so can you!

Any day of the week you can be a part of the glamour as a famous motion picture or television star rides down Hollywood Boulevard in a vintage-car motorcade!

You can be there for a handprint ceremony at the Chinese Theatre! The excitement begins around 1 p.m. at the Theatre of the Stars when the star is interviewed. Perhaps you'll ask a question or get an autograph! It all adds up to an opportunity of a lifetime.

Here's a partial list of stars expected this fall: Will Shriner, Steve Landesberg, Mary Ann Mobley, Nell Carter, Tim Matheson, Marla Gibbs, and John Bouman "Bowzer." Typhoon Lagoon Beats the Beach!

TYPHOON LAGOON—The most innovative, state-of-the-art collection of water adventures ever devised for the whole family—**Typhoon Lagoon**—has opened at the Walt Disney World Resort!

Every 90 seconds at Typhoon Lagoon, a four-foot wave skims across the world's largest inland surfing pool, and breaks on a sugar-sand shore with the rhythm of the tides. Body surf. Bob in innertubes. Ride the waves. Dive through 'em! It's just like playing in the ocean!

Beginning September 22, you'll be able to snorkel at **Shark Reef,** a salt water lagoon with an ecology designed to support sea life. Here you'll come face to face with *live* sharks and other sea creatures as they swim around a sunken, upside-down tanker.

But Typhoon Lagoon is also filled with activities you can't find at any beach ! Scream 51 feet down the side of *Mount Mayday* on the **Humunga Kowabunga** at the breathtaking speed of 30 mph! Or pass through caves and waterfalls—sometimes at 20 mph—on 300-to-460-foot long body slides and family raft rides! One, with a triple vortex, adds a new "twist" to white-water rafting.

Little kids have their own fun at **Ketchakiddee Creek.** Ball fountains, a raft ride, floating boats, waterfalls, slides, and squirting animals are for kids only.

Getting from one place to another at this incredible park is part of the fun! Just catch an inner-tube on **Castaway Creek** and float to your destination. You'll love every minute of it! It beats the beach!

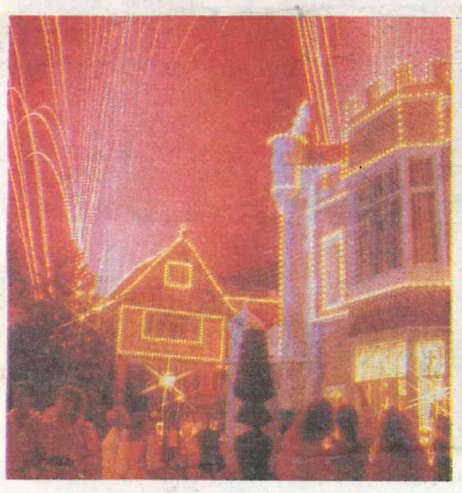
"IllumiNations" Lights World Showcase

EPCOT CENTER—Every day after the sun goes down on World Showcase Lagoon, the lights go up on Disney's most brilliant, action-packed display of technology ever.

Called **"IllumiNations,"** this dazzling spectacle actually transforms World Showcase into a totally new sensory experience by wrapping it in light, music and magic.

Travel Around the World

This electrifying display of spotlights, lasers, fountains, fireworks, and projected images blends with a majestic orchestral score to create a triumphant new art form. As the show begins, light pictures are woven from thin air over the lagoon, setting the stage for the world tour that follows.



One by one, in time to variations in the musical score, the nations around World Showcase undergo amazing architectural transformations right before your eyes! The American Adventure glows in time with Gershwin's *Rhapsody in Blue*. Germany's Bavarian castle shimmers into a whimsical gingerbread Gasthaus. France changes into a cabaret. Kites fly over Japan. It's a spectacle never to be forgotten.

Computers Take Charge

The dazzling event is controlled by 25 computer systems which synchronize a number of special effects to make "IllumiNations" an electrifying event. The computers make it possible to combine the rapturous music, dazzling fountains, soaring lasers, and roaring fireworks into a rousing finale that emphasizes one fact—you have seen the world in a new light! And only "IllumiNations" can show it to you like this.

"IllumiNations" is presented by G.E. Lighting. G.E. is Light.
